## **DETAILED ACTION**

### ***Request for Continued Examination***

The request filed on December 20, 2004 for a Request for Continued Examination (RCE) under 37 CFR 1.53(d) based on parent Application No. 10/781,987 is acceptable and a RCE has been established. An action on the RCE follows.

### ***Allowable Subject Matter***

Claims 21-37 are allowed.

The following is an examiner's statement of reasons for allowance: The examiner has reviewed the prior art in light of applicant's claimed invention and finds that the claims define over the prior art. The cited prior art does not disclose or suggest the combined limitation of a process to form a stacked semiconductor device inter alia the limitations "...forming a silicon-germanium alloy layer; forming an undoped silicon layer that overlies the silicon-germanium alloy layer; seeding the undoped silicon layer to cluster atoms and thereby form nuclei on a surface of the undoped silicon layer; annealing the semiconductor structure to grow the nuclei into hemispherical protrusions.."

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
